## A little bit about us

Have you ever spent a few hours wandering through shops trying to find some decent socks for your next adventure? Back in 2009 that was us, Narelle Young & Josh Charlesworth and boy did we find that frustrating! Having walked throughout Alaska, Canada, Nepal, Norway, France, Switzerland, Italy & many more places we identified there had to be an easier way to provide walkers with the socks they were looking for. Having done a walkabout tour or two we gained an appreciation for the experience a good pair of walking socks provides e.g. comfort, moisture management & no blisters! In 2010, [socksforliving.com](http://socksforliving.com) was born and several years on we have become the largest Australian retailer of socks, stocking brands including, Smartwool, Falke, Thorlo, Rohner and many more. We wish you all the very best for your next Walkabout adventure!
